EMPLOYMENT EXPERIENCE

Student Academic Support

July 2021 - December 2021

Center for Urban and Regional Affairs (CURA), University of Minnesota

Minneapolis, MN

Collected and updated a database of over 3000 artists, designers, photographers, architects, and other creative enterprises in Minneapolis, with a specification of the name, address, type, and genre of those enterprises. With that information, I used the locator to build a geodatabase of Minneapolis creative enterprises. Finally, I generated a web map, and published an interactive dashboard based on the geodatabase.

Student Mapping Assistant

March 2021 – May 2021

Regional Sustainable Development Partnerships, University of Minnesota

Minneapolis, MN

Collected and renewed the databases of Lost Creek Hiking Trail located in Chatfield, MN. With that information, I renewed the map of the trail, as well as re-designed the graphic style of the map with ArcGIS Pro.

Student Outreach Peer Mentor

July 2021 – September 2021

International Student and Scholar Services, University of Minnesota

Minneapolis, MN

Connected virtually between students, those were outside of the United States, and the university. Answered the questions from these students to help them better understand the University of Minnesota for making their own decisions on attending in-person classes in Fall 2021 semester.

VOLUNTEERING EXPERIENCE

Undergraduate leader

October 2020 – June 2021

Institute on the Environment, University of Minnesota

Minneapolis, MN

Conducted research on the food scarcity issue and the possibilities of urban gardening in the Northside community, Minneapolis, to help identify problems in the community. Then, I involved and helped to visualize data and making web map on the research topic to better enhance the readability of the web page of Northside community Project Sweetie Pie.

International Student Ambassador

October 2020 – May 2021

International Student and Scholar Services, University of Minnesota

Minneapolis, MN

Shared my own stories of transitioning, studying, living, and achieving as an international student pursuing mapping and GIS curriculums. Used these experiences to inspire newly admitted UMN students on how to start their own academic success in their bachelor studies.
